Subject: NEVER AGAIN? HOLOCAUST MEMORIAL DAY 2024

To: <meridel.rawlings@gmail.com>

CHOOSE LOVE NOT FEAR

NEVER AGAIN!

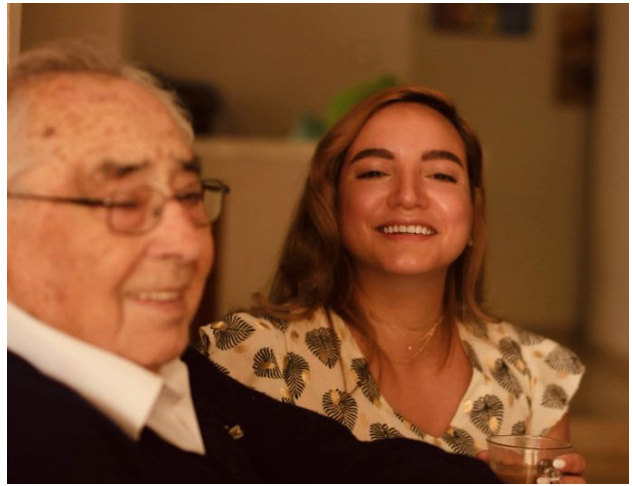

HOLOCAUST MEMORIAL DAY 2024

Dear subscribers,

Today, the day of remembrance for the Holocaust and heroism in Israel.

This year, is an unusual day of remembrance.

Today I remember my grandfather (may his memory be blessed),
His dear family,
And the terrible things they went through During that time,
Less than a century ago.

My grandfather and his sister,
Survived the holocaust,
Death camps,
Lost parents,
Lost 2 sisters,
Survived a labor camp,
Were forced to move,
Went through difficulties and terrible suffering just to reach the promised land.
The State of Israel.

Today is an unusual day of its kind.
The last few months raise so many questions..
Where did all the suffering and grief lead us as people?
Where have we really come?
Is the "promised land" as its name really is?
A country where it is impossible to raise children without trauma, stress, fear, missiles, attacks, terrorists, anxiety, loss, despair, helplessness, sacrifice, death?
A country where those who rule open the gates of hell on its on citizens for an agenda, money, and power?
A country where we are not really residents, we are just a number..
Reminds me of something from grandfather's stories..

The most obvious question of them all:
How can it be that such bad things can come from our
brothers?
Our own flesh and blood?
The Jewish people in and of themselves?
How do you abandon people like that?
How could they sell us?
How could they use us?
What kind of future awaits for us?
How come Jews are now treated like dogs all across
the world? like in the old days?
Burning businesses, synagogues, refusing service,
turning their backs and telling us to leave?
And the most horrifying:
Who really finance those who hate us?

We used to say: "Never Again."
What do we say today?
