

Still Small Voice ... Season's Greetings

To our dear friends and family...

December 2009.

We bless each one of you. Our 10 yr. old granddaughter, Maya keeps all of your interesting stamps. I carefully hold onto your letters and share parts of them with our sons and team, and also read parts of them on our TV shows. Many of you are standing up locally and nationally on vital issues. God bless you, increasing your strength. We voice truth with wisdom and justice to bring freedom.

"Oh, you and Jay are so faithful..." many friends say. As we grow older we are assured that God is **The Faithful One** in this relationship. He never fails us! ... **"this is our God, we have waited for Him." He brought us into 'His Space' and we chose to set up our tent and camp out with Him for Life!** It is like we have lived many life times; yes we do marvel at it all... and enjoy the journey.

As 2009 comes to a swift close; I believe; "What we do with our own personal set of limitations is what brings success or failure. Our unseen actions respond to the motivation of our heart." These photos bring us tender memories of cherished family and friends. In my heart there are pages of photos; just image what is in your Heavenly Father's heart? Christa Wursulin our German co-worker for many years has gone home. She is survived by Eugen her husband. We planted an olive tree in her memory. Her life's moto was:

"The love of God does not seek kindness, but creates it!"

Join us in the privileged place entrusted to God's 'little ones', beautifully reflected in Psalm 36: 7-9.

"How precious is your loving kindness O God! Therefore, we Rawlings put our trust under the shadow of Your wings. We are abundantly satisfied with the goodness of Your house, You give us to drink from the river of Your pleasures. For with You is the fountain of life; in Your light we see light."

"You ROCK Mom..." This 'compliment' came from a son in answer to a hastily written email giving some details of my work. In local lingo I think he was saying: "I'm proud you are 'out there' refusing to be intimidated in your work!" The details of mutilated lives are terrible. Trust must be earned... where betrayal is a way of life. This stark world affords one a mirror into horrifying reality. I am privileged to counsel with souls who have been bought and sold in the sex trade like cattle. I swim up stream against the savage current, undertows and snags. But lives are being transformed; the changes speak for themselves! I receive updates and questions from my 'children'. We walk where angels fear to tread. I am so honored to be accepted and trusted by those have known only the opposite. One very special young person and I are collaborating together to create a 'best seller'. She was sold by her German father at a very young age and lost 9 years as a child prostitute. If you can put me in touch with a publisher who would take this story do so please. Oh yes, I have met many heros on this journey. I honor those in authority who trust me to work 'in depth' with the souls they help rescue and shelter. We all work together. I am asking German government officials "What is being done, once these people are 'free' and can qualify for training in the job market."

Your gifts are used to pay for my travel expenses, printing and postage and the publishing of books and DVD's. I am also speaking with authorities in Israel to work with Dr. Anat Gur visiting mothers with children in prison and prostitutes. Thank you also to my translators, Rita Zilly, Grete Kvamso, Liisa Huhtakorpi, who give their time and expertise so that you can read my Still Small Voice letters in Germany, Norwegian and Finnish. Harald and Monica Goldsche help to send my German letter out. Ursula Alberts is the German translator of my books. I want to thank those who sit with me in the counselling chamber and communicate in the local languages with my clients. This is where the foundations of lives are rebuilt.

Engagements in 2010 require that Jay and I travel, from January to August. We are invited to minister in Germany, India, Kenya, Switzerland, Canada and Zimbabwe... and will take a camera man with us to 'catch' the wonder of it all. Prayer IS the secret to success. It is one of the best free gifts we receive. Are you using it?
We have not because we ask not. It is your Father's good pleasure to give you the Kingdom!
 "I asked God for water, He gave me an ocean. I asked God for a flower, He gave me a garden.
 I asked God for children, he gave me the world. I asked God for a friend, He gave me YOU... If God brings you to it, He will bring you through it. **ASK that your joy will be full!** This is the secret to my spiritual, physical moral, and mental strength . Let us embrace 2010 with hope and renewed vision.

*Love,
 Meridel &
 family.*
