

*The Still Small Voice* is a gift of God's Grace!

My Dear Friends,

Regardless of how we've been treated by others – or how we've treated them; regardless of whether we agree with their views – or what they think of us; *Blessing* is one of the enduring traditions of faith. Let us each take a few minutes to *bless*

everyone we know. What a way to greet the coming new year with its certain unknowns, and negative news.

Do you know anyone who does not need *Blessing*? The very nature of *Blessing* begins with our Creator. The desire to *Bless* is the passion to reach out in loving kindness. *Blessing* others is a humble act that creates transformation. *Blessing* is movement outward in all directions. *Blessing* is that little pebble thrown into the still pond changing it's face. *Blessing* sent from the heart has immeasurable power. *Blessing* others gives significant meaning to the mediocre. *Blessings* given with no thought of return, elicit a response from heaven. The attitude of *Blessing* rebounds to each individual, to all of us as one, and to the entirety of our universe. Yes, first, let us choose to be truly *blessable*, and therefore we *Bless*!

*Blessing*, in any sense speaks of mercy. Giving any amount of our hard-earned funds to help others – in a sense, the giving of our selves to the other – brings with it *double blessing*. Your gift will help us pour out into the world, through our unique on-going film projects. Your *Blessing* will help us rescue more children from the sex trade in Nepal, and continue to succor the 90 we have. Your *Blessing* will help the flood of refugees worldwide. See our newsletter entitled 'Refugees'.
